

# East Mosul Camps Context

# Background

- The East Mosul Camps were constructed and opened in 2016, hosting families displaced from the Mosul offensive. 5 camps were initially opened, with three now remaining: Hasansham U2, Hasansham U3, and Khazer M1, together currently hosting 2818 families / 13485 individuals.
- The camps are located in a disputed area of Ninewa governorate and administered by the Erbil authorities. Camp administration is provided by Erbil DMCR, and security by Erbil Assayish. The nearby villages are under the administration of Hamdaniyah district-Mosul Governorate.

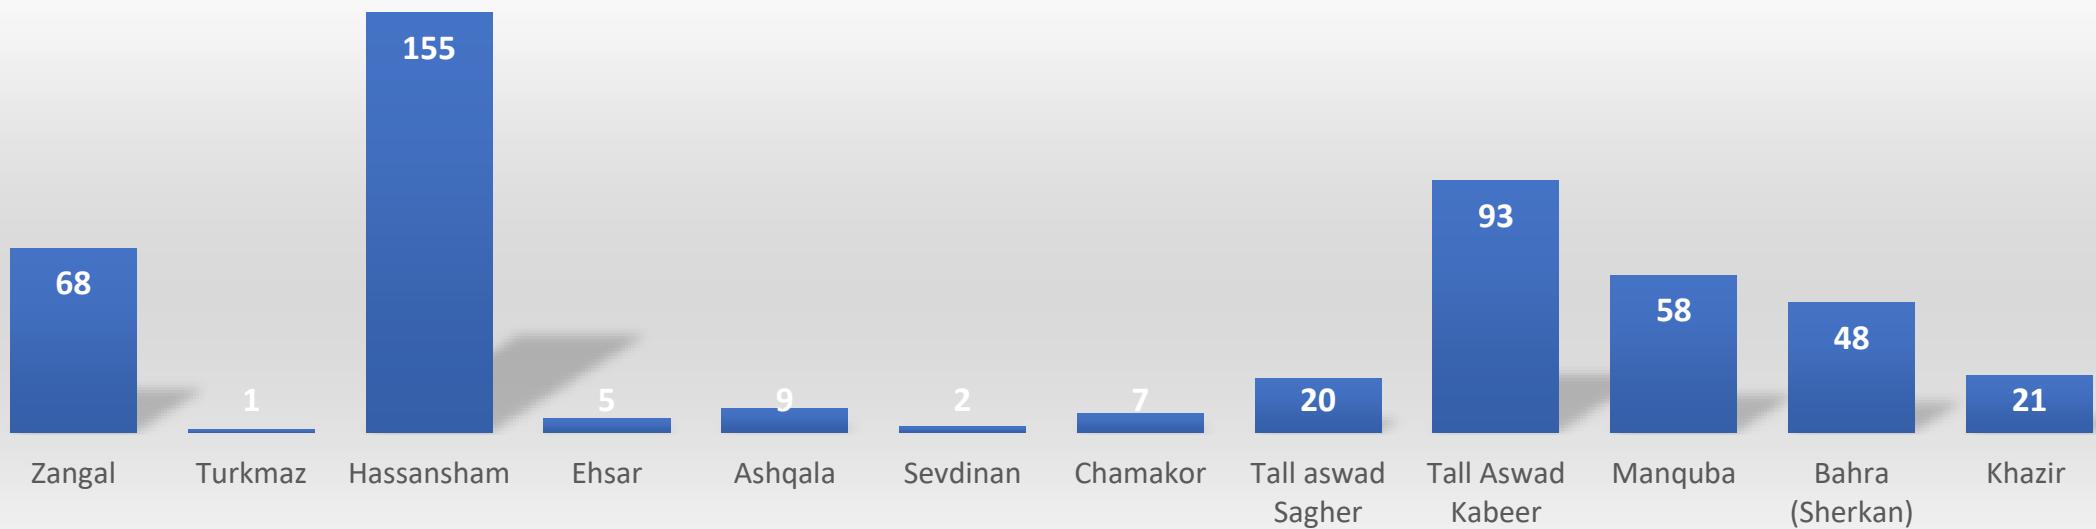

# The Current Situation in EMCs

- WASH Service: Since the 1<sup>st</sup> of February there isn't any WASH partner providing services to the IDPs.
- Ministry of Labor and Social Affairs, social safety net: This team is supporting and facilitating the application of the IDPs who applied electronically through the Ministry of labor and Social Affairs website to be included in the SSN and got approval to be included in the system they are completing their paperwork and supporting with the required official document.
- Registration of new arrivals: MOMD suspended the registration of new arrivals
- Food and Hygiene kits: WFP Stopped the Distribution of Cash for food assistance.
- Electricity: The electricity in the camps is provided by generators.
- Shelter: More than 95% of the shelters in the camps are tents, and the government not allowing the IDPs to upgrade their shelters.
- Former Detainees: KRG government are bringing IDPs released from the KRG prison to EMCs and EDMCR is not registering them [ICRC].

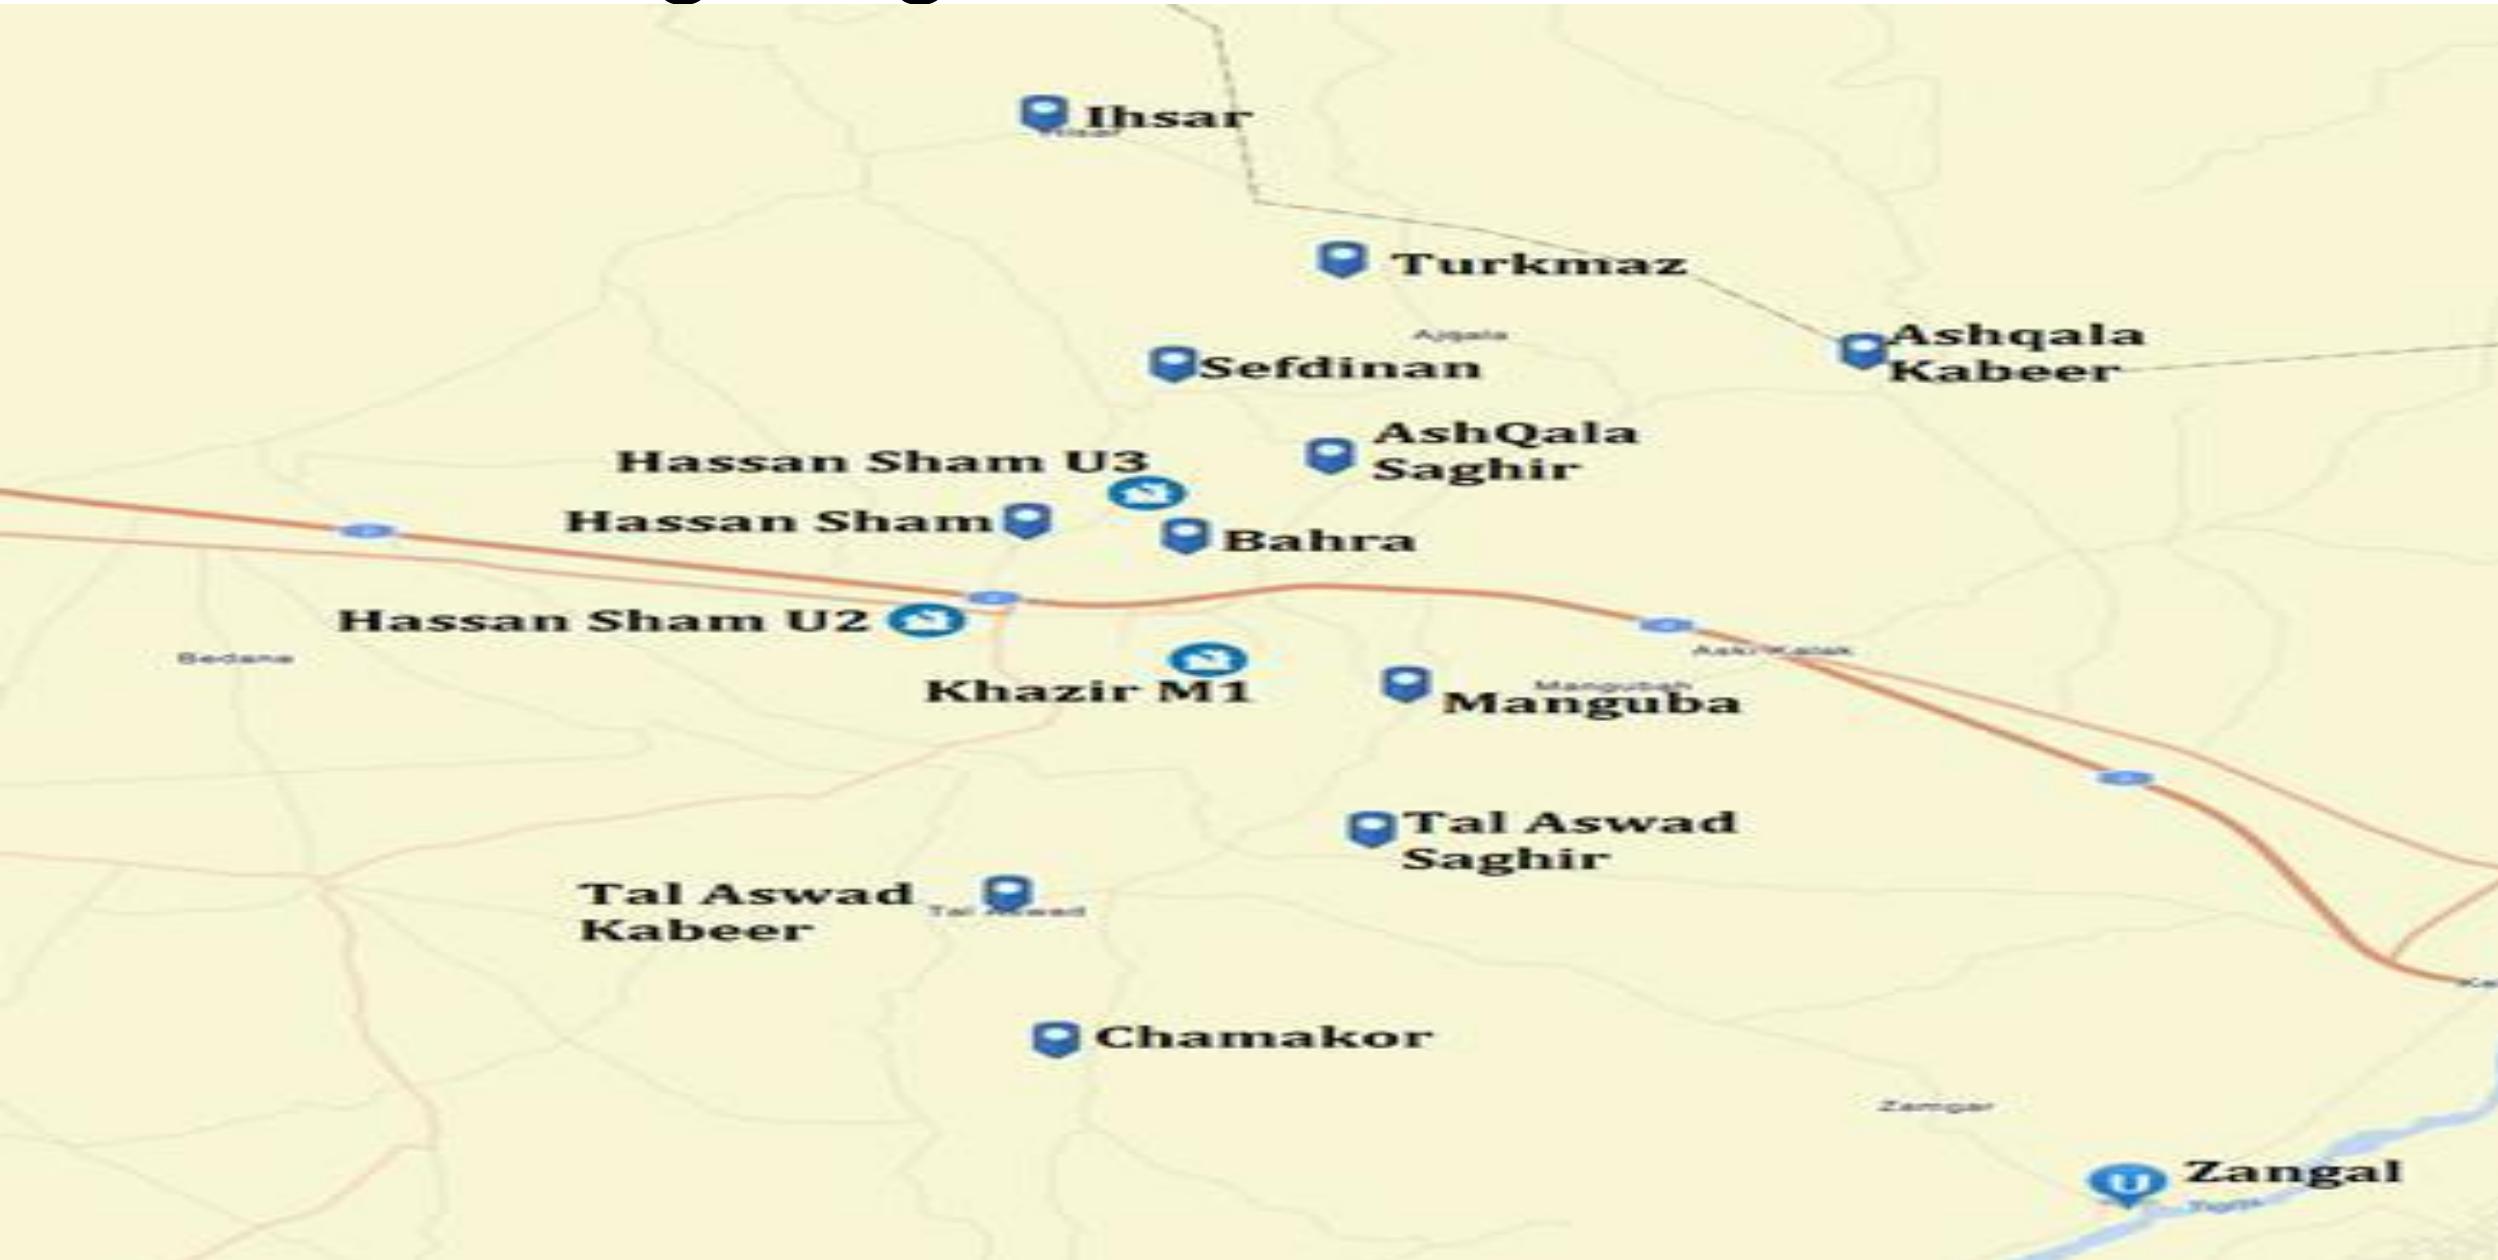

# The Current Situation in EMCs

- Access to documentation: UNHCR continues to provide support for families living in the camps to be issued with civil documentation.
- Limitation on movement: Civil documents of IDPs are retained by Asayish in EMCs, restricting their movements outside of the camp.
- Lack of job opportunities: The IDPs are suffering from job opportunities due to limited access of IDPs to the surrounding area.
- Education: There are no sufficient number of teachers and educational materials in EMCs.
- Health: The current health centres supported by the Government are providing primary health care.
- IDPs from surrounding villages: 487 families living in EMCs are from the 13 nearby villages.
